WHAT IS THE NASGP?

We are a voluntary, non-profit making membership organisation currently with 1,200 current members.

We:

- campaign for the interests of SGPs such as professional equality, provision of education and political representation
- support our members through our extensive website, discussion forum, local groups and extensive experience

We were founded in 1997 by a group of enthusiastic Sessional GPs, and we've energetically campaigned to improve the status and representation of Sessional GPs, highlighted by our achievements over the years:

- Bi-monthly Magazine 'The Sessional GP'
- National conferences
- Code of Good Practice
- Standardised Practice Induction Pack
- Extensive members-only website providing the largest source of information for sessional GPs in the UK
- Strong links with the BMA, RCGP and medical press
- Challenging the marginalisation of SGPs through lobbying and debate
- Solutions to Revalidation for GP locums such as Locum Teams and the *affiliate* Freelance GP Scheme.

With our ever-increasing network of Sessional GP groups (currently around 90), we provide support and representation at both a local and national level. We rely heavily upon our members for support and funding, and that's why we need even more to carry on doing what we've been doing so well. The more members we have, the more we can do. So please join the NASGP as a member.

AS A MEMBER YOU WILL RECEIVE

- Updates with the bi-monthly "Sessional GP" newsletter
- A username/password to access all the information on the NASGP website
- We arrange twice-yearly mailings of the BNF to NASGP locums in England

By joining us, you are supporting the only independent organisation of Sessional GPs to represent the interests of all Sessional GPs across the UK.

SO HOW DO I JOIN?

By far the easiest **and cheapest** way is to join on-line at www.nasgp.org.uk – that way, you'll receive your log-in details for the NASGP website immediately.
