

### GPST Teaching Evaluation

#### Dr Richard Fieldhouse – Life as an Locum and NASGP Support – 05.05.21

#### What aspects of the teaching session did you find most useful?

- Good insight on life after CCT
- Advice on locum lifestyle and the role of chambers
- To learn about what a locum chambers is and how it can help in future career prospects
- This session took a bit fear away from being Locum GP after getting CCT
- Really interesting to find how you get support and start out as a locum
- Good clear information and opportunity to ask questions
- The introduction to support groups for those who primarily locum as GP
- Very interesting and useful to think of the mind-set and psychology of being a locum which I had never thought of before
- Great getting such practical advice close to qualification
- Very useful to know about how to work as a locum post CCT
- Very useful links to the NASGP and the various resources on there
- Good discussion on what being a locum GP involves and also the chambers model (something which has not been covered at all in previous teaching).
- Some good advice on how to get started in locum GP working as well
- Good comprehensive guide to working as a Locum GP
- Factors to consider when considering becoming a Locum GP
- Some good tips for the future, good to know about chambers and issues to overcome as locum
- A great introduction to the community and safeguards available for locum GPs
- Good to know that being a locum GP can be chosen as a long term career and to see it is becoming a supported network.
- That locum can get NHS pensions
- Was useful to myself as I'm thinking of locuming down the line, and have signed up to NASGP
- Broadening thinking about working as a locum and finding out how locum chambers work
- Clear and interesting in terms of what life can be like as a locum with lots I did not know e.g. about chambers

### **What aspects of the teaching session did you find least useful?**

- More useful for those who are approaching their CCT

### **What impact will the teaching session have on your future practice?**

- More confidence in considering Locum work in career
- I have a much better insight into the pluses and pitfalls of locum work and now know a great website for invaluable resources and knowledge to use when I want to locum
- Will definitely be useful
- I have signed up to NASGP to see what they have to offer as it is free for registrars
- More equipped to strongly consider Locum GP career pathway
- Locum GP work is very attractive to many trainees and this helps to orientate us as to the considerations going into it
- Possibility of locum work

### **Should this session be repeated for next year unchanged**

Yes: 94%

No: 6%

### **Any further comments?**

- Really great presentation
- Excellent speaker, very engaging and enthusiastic
- Perhaps would benefit from doing slightly earlier in the year
- Great, I would like to hear the other talks in the series and have an expert talk similarly on partnership and salaried positions
- More group interaction please, ice breaker at start or during.
- Would be useful to have access to the 'step 1' presentation Dr Field mentioned about setting up as a GP
